The Diversity Includes Disability Tool Kit includes all the materials you will need to conduct workshops on your campus. The first module is Disability 101. In this module you will find tip sheets, resource lists and a customizable PowerPoint presentation. The second module is titled Inclusive Teaching and Programming. In this module you will find a customizable presentation for Universal Design and Learning which includes information regarding classroom instruction and event programming. It also includes lists of Accessibility Practices for Events and Programming and Accessibility Practices for Teaching Faculty. Finally, we've included Resources for Classroom Use. All presentations are provided in an accessible, plain, format so users can add their own campus branding.
