## INFORMATION FOR COMMUNITY-BASED ORGANIZATIONS

### Liberal Arts in Los Angeles

Occidental College fully integrates the liberal arts and sciences with the cultural and intellectual resources of Los Angeles. Students live and study on our picturesque residential campus in northeast L.A., where our location serves as a springboard for putting theory into practice and ideas into action. Oxy's distinctive interdisciplinary approach gives students the chance to explore new ideas and see the world from a new perspective. With more than 40 majors and minors, Occidental provides its students with a compelling intellectual adventure, enhanced by internships and partnerships across the diverse city of Los Angeles.
